Respected Principal Raju Sharma,

To support students and teachers with high-quality digital learning resources, we are pleased to share a curated list of trusted educational platforms. These platforms offer access to **study materials, e-books, videos, and scholarship** information, catering to various subjects and grade levels.

We request you adding the following links to your school's website (<https://www.gvseniorsecondaryschool.in/>), preferably on the homepage under the '**Important Links**' section, the '**Student Resources**' page, or any other suitable location where students can easily find and access these educational resources.

- [National Scholarship Portal](#)
- [DIKSHA](#)
- [Epathshala](#)
- [NCERT](#)
- [Evidyarthi](#)
- [CBSE](#)
- [Swayam Prabha](#)

We believe this small step will go a long way in enriching the digital learning experience for your students.

Thank you for your time and support.

Warm regards,

Team India Education Initiative
