The month of December is earmarked for the occasion, as, at this time, the weather is pleasing for a long span of games on the field. When this day is about to come, there appears to be a lot of activity in the entire school premises as arrangements take time.

Sport develops a sense of friendliness among the children and develops their team spirit. It helps children to develop mental and physical toughness. The school believes that sports is an integral part of education and in Modern School, children are taught various sorts of games and are taught gross motor skills in very early stages to

keep their value in life.

Our Founder welcomes and addresses the esteemed gathering of parents and guests where he talks about the importance of sports in a child's life.

The program starts with the torch relay by the sports captains of the four houses namely- Red, Blue, Green, and Yellow.
