

## **Institutional Activities**

### **1 Kanya Vinay Mandir (Grades 9–12)**

Approximately 250 girls reside in our hostel for educational purposes. These girls travel from the remotest corners of Gujarat to take advantage of the school.

### **2 Higher Secondary (Established 1967)**

We conduct home science classes to empower girls to become economically independent. We run special pre-school and crèche management courses, as well as food preservation classes, in which about 100 women have received training.

### **3 Primary School**

About 35 girls, mostly from the underprivileged sections of society, study here. This includes residential students from classes 1 through 5.

### **4 Upper primary School**

About 115 girls, mostly from the underprivileged sections of society, study here. This includes residential students from classes 6 through 8.

### **5 ANM Nursing (Established: 2010)**

Established in 2010, our ANM (Auxiliary Nurse Midwifery) training centre is dedicated to cultivating skilled, compassionate, and efficient nursing professionals. Our program goes beyond technical education; it focuses on instilling a deep sense of service and humanitarian empathy in every student.

### **6 K.G. School**

Additionally, students from classes 1 through 4 commute from surrounding villages. We have not forgotten the children residing in Ajol and the surrounding villages; these children travel to and from the school using camel carts.

### **7 Hostel Facilities**

We maintain hostels for girls coming from various family backgrounds. Girls belonging to economically and socially backward classes live in our hostels. There is no place for discrimination based on caste, colour, or creed in our institution, as we firmly believe in human equality.

## **8 Arogya Mandir (Medical Services)**

Free On-site Medical Care - Complimentary School Clinic - Free Campus Health Services - On-site Doctor (Free)

## **9 C-operative Store**

We manage co-operative store to provide household requirements, our students get almost everything at cheap rates, this store is managed by the girls themselves under the guidance of experienced teacher. This has served as a training ground to our teenagers.

## **10 Agriculture**

The institution owns some land where we grow Kitchen garden, herbal plants.

## **11 Vocational classes**

Our vocational classes consist of the following centres.

### **1 Sewing classes**

Not only our students but also many other women from the surrounding areas get the necessary training in our class. This has enabled adult women to make extra earnings.

### **2 Home Appliances (Electronics & Hardware Lab)**

Our students learn theory subjects and also learn practical skills in the E&H lab. They learn about electronics components, circuit work, computer parts, and maintenance. This training builds technical knowledge and job skills.

### **3 Computer**

This is the most popular section of the institute, the girls are so enthusiastic that they compete with each other to face computer on the table, the girls not only learn how to get information but they also get a lot of entertainment.

### **4 ATL lab.**

ATL Lab students learn innovation and practical skills. They work on robotics, coding, printing, and science projects. This lab develops creativity, problem-solving, and future-ready skills.

### **5 Beautician class**

There is a great demand for the beauty care among modern girls; they are taught scientific methods of beauty care in an artistic way. The courses have become so popular that many young and grown up women come here for training.

## **6 Varshaben Swashary Kendra**

local women run a food production unit at our school, making Khakhra, Sev, and and Signbhujija daily supporting both their livelihoods and families.

## **7 Ayurvedic section**

We grow herbal plants in our own campus we use these plants to make medicine and drugs under the supervision of an ayurvedic doctor who gives honorary service. We also provide the massage and We run nature cure and other medical camps for the service of the poor. These services are free, we provide medicines at the cheapest rates to the poor and needy.
